

Winning Tree (2023) – Help File

Introduction

Press PLAY and the coloured symbols will fall into place on the 5x4 game board. Find a winning pattern of identical symbols to win a prize! Each time a winning pattern is displayed those blocks will be destroyed and new blocks will fall into place from above.

Reveal 3 or more Bell symbols to win an instant prize.

Reveal 3 Bonus symbols to activate the Bonus Game.

Every \$0.10 spent gains 1 entry into the 2nd Chance Prize Draw, which takes place on January 12, 2024, or as soon as practical thereafter.

Start the game

Select the stake amount, then press PLAY or press the Space bar on your keyboard to purchase the ticket and start the game.

Once the PLAY button has been selected the stake is deducted from the current balance and the game starts.

End of the game

At the end of the game, any winnings for that go are displayed in the TOTAL WON panel.

To play again press the PLAY button or press the Space bar on your keyboard.

How to play

Press PLAY and the coloured symbols will fall into place on the 5x4 game board. If a winning pattern is revealed:

- Those blocks are destroyed
- New blocks fall from the top to fill the gaps created

If the new blocks that get added lead to a new winning pattern, the process continues until no winning patterns are present. Once no winning patterns are present, the total is awarded to the player.

Winning patterns

Revealing a cluster of 3 or more matching symbols (from the Prize Chart) where each symbol is directly above, below, or to the left or right of another matching symbol wins the corresponding prize in the Prize Chart.

Prize Chart

The Prize Chart can be viewed by pressing the PRIZE CHART button to the side of the game board

Prizes shown in the Prize Chart are the multiple of amount staked

Only the highest prize won on each cluster will be paid.

Instant Prize

Reveal 3 or more Bell symbols to win an instant prize. The prize won is shown on the corresponding Bell on INSTANT PRIZE chart.

- Revealing 3 Bells wins only the prize shown on the 3rd bell (from the bottom) on the INSTANT PRIZE chart.
- Revealing 4 Bells wins only the prize shown on the 4th bell (from the bottom) on the INSTANT PRIZE chart.
- Revealing 5 Bells wins only the prize shown on the 5th bell (from the bottom) on the INSTANT PRIZE chart.

Bonus Game

Revealing 3 Bonus symbols activates the Bonus Game.

Press GO and the Bonus Game starts

The game board consists of 5 chimneys (columns) with each chimney containing 4 empty slots

A sleigh will appear above each of the 5 chimneys

Each sleigh can contain:

- Nothing: Nothing gets added to the game board
- A Multiplier: This drops down the chimney directly below the sleigh to an available slot in that chimney. Slots are filled from bottom to top. Any Multipliers that enter a chimney get added to the TOTAL WON figure.
- A Green +1, +2, +3: Any Multiplier in the one chimney directly below are increased by this amount (e.g. if there is a x1 in the chimney and a +2 appears directly above, the multiplier in that chimney is increased from x1 to x3)
- A Blue +1, +2, +3: Any Multipliers in any chimneys are increased by this amount

After any items in the sleigh have been dropped, a new set of 5 sleighs will appear and the process continues.

The game ends when all 4 slots in a single chimney are full. The TOTAL WON panel shows the value of all Multipliers combined. The PLAY AMOUNT is multiplied by TOTAL WON figure and awarded.

2nd Chance Draw

Every \$0.10 spent on the game gains 1 entry into the 2nd Chance Prize Draw.

The current value of the 2nd Chance Draw Prize is shown in the PRIZE DRAW panel at the top of the screen.

The COUNTDOWN panel shows how long until the game closes.

After the game has closed a separate draw takes place, with 1 winner being picked from all entries. That player is awarded the 2nd Chance Prize Draw Prize.

AUTOPLAY

Press the AUTO PLAY button to open the Auto Play interface. The following settings are available to define how many auto spins you would like to play:

- Number of plays – total number of games that will be played at the current stake.
- Loss limit – Auto Play will stop when you hit your loss limit, which can be set as a multiple of your current bet stake. If you don't want a loss limit, simply select the 'infinity' symbol at the end of the row.
- Single win limit – Auto Play will stop when you hit a single win limit, which is set as a multiple of your current stake. If you don't want a single win limit, simply select the 'infinity' symbol at the end of the row.
- Once you have defined your settings of choice, press 'START AUTO PLAY' to start your auto play session at the currently selected stake.
- Press the stop button at any time to stop any auto play games once the current round is completed.

Winning

Wins are achieved by:

- Revealing a winning pattern on the main game board
- Revealing 3 or more Bell symbols on the main game board
- BONUS GAME – Win the PLAY AMOUNT multiplied by TOTAL WON figure when 1 chimney is full

General information

System malfunction voids all pays and all plays.

This game is a game of chance. The outcome of a play in the game is pre-determined. Actions or choices made by player do not affect the outcome of the game.

3.50% of total game stakes contribute to funding the 2nd Chance Jackpot amount*.

The theoretical average return to player (RTP) of the non-jackpot element of the game is 89.50%.

The additional jackpot contribution of 3.50% results in a total combined RTP of 93.00% for the game as a whole*.

The 2nd Chance Jackpot starts at a value of \$10,000*

*the starting value of the 2nd Chance Jackpot is a fixed amount and is not included in the RTP calculations above.
