NFL Game Props Guaranteed Prize Pool Play Instructions

These Play Instructions are governed by the PlayNow Pools Game Conditions, which include other terms and conditions.

How to Play

- Each NFL Game Props Guaranteed Prize Pool costs \$10 to enter.
- NFL Game Props Pools are available for purchase by registered PlayNow Players in BC, Manitoba & Saskatchewan.

Correct Pick

- A correct Pick is the selection that corresponds to the winner of the listed Event.
- For specific Player Props, the respective player(s) must play a snap during the game or that Event will have all selections settle as a correct Pick.

Pool Winner(s)

- Will be those Cards that have the most correct Picks. Where there is more than one Winner, Winners shall share the Guaranteed Prize Pool equally.
- No rollover is applicable to this NFL Game Props Guaranteed Prize Pool.

Specific Player/Game Props

- For individual Team/Player Prop Totals, 'Under' will be settled as the Correct Pick if the team/player fails to register any stat in the stated prop category.
 - Example: For the 'Player X Longest Reception Over/Under' prop, the 'Under' will settle as the Correct Pick if Player X records zero receptions in the game.
- For individual Game Prop Totals, 'Under' will be settled as the Correct Pick if there are no registered stats in the Game Prop category
 - Example : 'Longest Made FG Over/Under', the Under will settle as the Correct Pick if the Game features no successful Field Goals.
- In the event of a tie outcome between two Picks on Head to Head markets/props, both Picks will settle as a Win on the Pools Card

Event Postponement, Cancellation, or Void Events

- If a game is cancelled or postponed so that they are not completed within the same assigned Game Week, all selections for that Event will be settled as a correct Pick.

Prize Pool

- If 80% of the total amount of entry fees does not meet or surpass the minimum prize pool amount, BCLC will be responsible to offset any shortfall to ensure the minimum prize pool is paid, if the pool is won.
- If 80% of the total amount of entry fees surpasses the minimum prize pool amount, the prize pool will grow beyond the minimum prize pool amount and will be funded on 80% of all entry fees for that pool.
